Aoraki/Mount Cook National Park – Nature At Its Most Awesome

Welcome to New Zealand's dramatic mountain country and Aoraki/Mount Cook area; enjoy spectacular views from the air, feel the ice crunch underfoot as you walk on the Tasman Glacier and hear the groan and grind of this massive moving river of ice.

Glacier Exploring – Breath Taking Adventures

Discover the magnificent Aoraki/Mount Cook region by experiencing heli-hiking, snowshoeing or ice climbing in and around the imposing Haupapa/Tasman Glacier.

It is our pleasure to guide you on a thrilling experience and be part of your alpine adventure in one of the most visually stunning parts of New Zealand.

Mt Cook Guides – Experience Counts

Mt Cook Glacier Guiding was formed by combining Mt Cook Ski Planes & Helicopters and Fox Glacier Guiding. The combination of leaders in aviation tourism and glacier guiding professionals has provided us with a long and safe history of operating in this beautiful alpine environment.

The Adventurer: Tasman Glacier Heli-hike Mount Cook

Combine the excitement of crampon hiking or snowshoeing on New Zealand's biggest glacier with the thrill of breathtaking scenic helicopter fly-bys of our highest mountain, Aoraki/Mt Cook. Fly into a remote point on the Haupapa/Tasman Glacier and experience up to 2 hours on the ice. Snow-shoeing limited to winter trips. Duration 3 hours.

The Wigley: Heli Hike at the Top of Tasman Glacier

Explore the immense beauty and ice formations of the upper snowfield of the glacier. As you fly in to 2200 metres (7200 ft.) aboard either a helicopter or ski plane, marvel at the rock and ice debris transform to glistening white, this is where the glacier's 23 kilometre journey begins. Your guides provide you with snowshoes or crampons, adjustable walking poles and any additional equipment necessary. Magnificent views of Aoraki/Mt Cook and the Hochstetter icefall on your return flight. 5 hour trip (3 hrs ice-time plus 18 flight each way).

Cool Climber: Tasman Glacier Ice Climbing at Mount Cook

Feeling adventurous? Come ice climbing in New Zealand's big alpine environment!

A thrilling scenic helicopter flight takes you up the Tasman Valley to the best ice climbing location. Take in awe-inspiring views of the home of New Zealand's big alpine scenery, watch for the Haupapa/Tasman glacier lake and marvel at the spectacular Hochstetter Icefall.

Our expert guides will quickly teach you how to master basic crampon and ice axe techniques. Using ice tools and the front points of your crampons, you climb vertical and at times, overhanging ice walls and pinnacles, or maybe you'll climb into a crevasse; you are always safely secured by a top rope attached to your harness.

On this trip you receive personalized ice climbing instruction. Our ice-climbing guides receive special training to ensure they teach skills in the correct order so you advance quickly.

Come on an adventure you will never forget!
